PACKAGES · INTRO PRICES (USD)

Featured Short — $25 per Short

- A ~20-second Short about your tool, in our usual style. We write it, you approve the script before we make it.
- "Sponsored" on screen in the first seconds + YouTube's paid-promotion label
- Your link in the description and on the Short's permanent page on this site, labelled Sponsored

Site spotlight — $15 per week

- A card labelled "Sponsored" in this section of our home page, with your logo, 25 words and a link
- Runs 7 days; we take it down after, no auto-renew
- We don't run a visitor counter yet, so we don't promise traffic

Pathway co-sponsor — $49 per edition

- "Presented by [your brand]" on the free AI at Work: Day 1 Starter PDF
- One clearly labelled sponsored tutorial page: how your tool does a real work task (we write, you approve)
- One edition, at least 30 days. The paid 7-Day Path stays ad-free. The free Day 1 Starter is live on Payhip now

Launch combo: Featured Short + 1 week Site spotlight, **$35** (instead of $40). Pricing basis: our last 12 Shorts have a median of **199 views** (YouTube API, Oct 24, 2026). At typical Shorts sponsorship rates of $5–25 per 1,000 views (third-party estimate), that reach is worth about $1–5, so most of an intro price pays for making the video and the permanent page. We don't guarantee views. **Rates scale with reach:** we recalculate and publish new prices here as the median grows; bookings made at intro prices keep them.

OUR SPONSORSHIP RULES

- Every paid placement is labelled **Sponsored**, on screen at the start of a Short and on every page, as the FTC asks. We also tick YouTube's paid-promotion box.
- You approve the facts in the script; we keep editorial control of how it's said. Sponsorship never buys a positive review.
- If a feature is paid, waitlisted or region-limited, we say so.

WE WON'T PROMOTE

- Crypto, coins, tokens, NFTs or trading signals
- "Get rich", guaranteed-income or MLM offers
- Misleading or unprovable claims (e.g. "100% undetectable", fake reviews)
- Tools we haven't been able to try ourselves
- Gambling, adult content, or anything illegal where our viewers live
